# BIG BARRA TERRITORY

Where the wild fishing is...

Our Ultimate Adventure charters are tailored to the angler with a taste for exploring very remote locations that are hardly visited and offer world-class sport fishing.

The Archer, Watson and Ward Rivers are all part of a massive wetlands system in the surrounds of Aurukun some 100kms south of Weipa in the Gulf of Carpentaria. This remote location is home to some of the world's best estuary and river fishing with huge amounts of Barramundi, Queenfish, Fingermark, Milk Fish, Coral Trout, Golden Trevally, Cod, and more. The fish are ready to take a lure, bait or fly. This charter will also see our guests fishing further south to the Love and Kirke Rivers which are simply stunning flats to chase your fish of choice.

The location on the western side of Cape York means that Aurukun is the perfect winter fishing destination with stable sunny weather and protection from the southeasterlies. After a big wet season the run-off produces more fish than can be believed.

# REMOTE BLUE WATER ACTION

Where the fish grow big...

Aside from the estuary and river fishing, this region also offers amazing blue water fishing. The near-coastal areas have a huge array of pelagic and reef fish to target including Tuna, Mahi-Mahi, Giant Trevally, Red Emporor, Nannygai and many more.

Clients will be transferred by private charter flight from Cairns to Aurukun, and can be fishing almost immediately in these productive waters. You will enjoy this 8-day/7-night trip of a lifetime in the comfort of Blue Martini, our 70 ft mothership. With just 6 guests tended to by 6 crew, there will be a maximum of 2 guests per cabin, and fishing will also be 2-up on each of the 3 centre consoles.

# THE ULTIMATE LOCATIONS
