View Sydney from the sky

There is little better than a new perspective to renew appreciation for a sight or location, and for those visiting Australian shores or looking to escape the cloisters of Sydney stresses, this can be achieved in a very literal fashion. Aviation-admirers, in groups of up to six, can take to the skies, enjoying Sydney and its surrounds with **Sydney HeliTours'** range of heli-experiences. Having flown over 143,000 passengers since 1993, they provide the safest of hands as you soar over Sydney's harbour, explore the rugged coastline or venture further afield to the Blue Mountains or Hunter Valley regions. Experience the thrill of 'Doors Off' flying or take it all in at a leisurely pace with one of their unequalled Luncheon or Eco-Tour options. www.sydneyhelitours.com.au
